

Think, Pair, Share Activity Continued:

Evaluate your product against the design specifications.

Design Specification	Achieved		Comments/Notes
	✓	✗	
Is the resource age appropriate?			
Is the resource visually motivating?			
Does the resource allow for self paced learning?			
Is the resource suitable for a substitute teacher to pick up and use?			
Will this resource allow another teacher to understand the teaching elements and presentation techniques?			
Does the resource have a clear justification as to which AOI has influenced its development?			

Conclude with a summative statement to evaluate the quality of your outcome/product.
